### LABERINTO CON OPERACIONES

Encuentra la meta siguiendo los resultados correctos a cada una de las operaciones matemáticas; restas.

A maze grid where each cell contains a subtraction problem. The correct result of the subtraction is written in the adjacent cell, forming a path from the 'SALIDA' (Exit) at the top to the 'META' (Goal) at the bottom.

### LABERINTO CON OPERACIONES

Encuentra la meta siguiendo los resultados correctos a cada una de las operaciones matemáticas; restas.

A maze grid where each cell contains a subtraction problem. The correct result of the subtraction is written in the center of the cell. The path starts at the 'SALIDA' starburst and ends at the 'META' starburst.
